## Contents

Vol. 16 No. 2 (April 2007)

### EDITORIAL

- 69** Solomon Victor: Leading Cardiac Surgeon in India and Long-Time Supporter of *Heart, Lung and Circulation*  
*Franklin Rosenfeldt*

### REVIEW ARTICLE

- 70** Delayed Contrast Enhancement Magnetic Resonance Imaging for the Assessment of Cardiac Disease  
*Constantin B. Marcu, Robin Nijveldt, Aernout M. Beek and Albert C. Van Rossum*

### ORIGINAL ARTICLES

- 79** Long-Term Follow-up of Renal Artery Stenting in an Australian Population  
*P.E. Ruchin, D.W. Baron, S.H. Wilson, J. Boland, D.W.M. Muller and P.R. Roy*
- 85** Early-phase Endotoxic Shock-induced Myocardial Injury Increases iNOS and Selectin Expression in Macaque Primate  
*Guo Qing Yin, Kai He Du, Fei Rong Gu, Zhi Xun Fang, Jia Qi Tang, Bei Zhong, Xiao Yun Zhu, Ying Wei Wu and Cheng Ping Lu*
- 93** Does Re-operation have an Effect on Outcome Following Heart Transplantation?  
*Constantinos Kokkinos, Thanos Athanasiou, Christopher Rao, Vasilis Constantinidis, Christos Poullis, Andrew Smith, Michelle Ridgway, Paris P. Tekkis and Ara Darzi*
- 103** How Best to Manage the Space after Pneumonectomy? Theory and Experience but no Evidence  
*Vasudev Pai, Sameer Gangoli, Carol Tan, Sheila Rankin, Martin Utley, Robert Cameron, Loic Lang-Lazdunski and Tom Treasure*
- 107** A New Technique of Transannular Monocusp Patch-Repair of the Right Ventricular Outflow Tract in Repair of Tetralogy of Fallot  
*Guo-Wei He*

- 113** A Simplified Circuit of Modified Ultrafiltration  
*Shiv Kumar Choudhary, Sachin Talwar, Balram Airan, Suresh Yadav and Panangipalli Venugopal*

### CASE REPORTS

- 116** A Rare Intracardiac Mass: Cardiac Paraganglioma  
*Yildirim Imren, Irfan Tasoglu, Ariel A. Benson and Volkan Sinci*
- 118** Dissecting Sub-Epicardial Haematoma A Rare Complication with the Use of Octopus™ Suction Mechanical Stabiliser  
*Mahadev Dixit, Mohan Gan, Kizakke K. Pradeep, Anuradha Dubey, Sriram Sabade and Raghunath Mahapatra*
- 120** Spontaneous Coronary Artery Dissection in a Female with Antiphospholipid Syndrome  
*Rebecca K. Reed, Yuvaraj Malaiapan and I.T. Meredith*
- 123** Nutritional Deficiency of Selenium Secondary to Weight Loss (Bariatric) Surgery Associated with Life-Threatening Cardiomyopathy  
*Rachel Boldery, George Fielding, Tony Rafter, Andrew L. Pascoe and Gregory M. Scalia*
- 127** Spontaneous Coronary Artery Dissection and Associated CT Coronary Angiographic Findings: A Case Report and Review  
*Nathan Dwyer, Luke Galligan and Robin Harle*
- 131** LETTER TO THE EDITOR
- 132** OBITUARY
- 133** SOCIETIES
- 137** FORTHCOMING EVENTS

**Cover illustration:** Immunochemical staining of iNOS and L-selectin in hearts of macaques from endotoxin injection or control treatment. A: iNOS staining in controls. B: iNOS staining in endotoxic group. C: L-selectin staining in controls. D: L-selectin in endotoxic group. See associated article p. 85.
